

Capital Works Program

2016-2017

The Council invests significant resources each year to ensure the high quality and standard of its infrastructure, including roads, footpaths, kerbs, buildings and recreation and open space assets.

In 2016-2017, the Council's overall Capital Works Program budget of \$4,407,517 incorporates:

- Civil Infrastructure \$2,890,667
- Drainage Infrastructure \$500,000
- Buildings Infrastructure \$414,500
- Recreation & Open Space \$605,626

The Civil Infrastructure Capital Works Program involves upgrades and improvements to the City's streets, with works including reseals, footpath paving and kerbing.
