NAME OF POLICY: Community Engagement Policy

POLICY MANUAL: Governance

1. Introduction

- 1.1. Council is committed to open, accountable and responsive decision making, which is informed by effective communication and engagement between Council and the community and stakeholder interest groups.
- 1.2. Including communities and stakeholder interest groups in decision-making processes is important to the successful development of appropriate and informed decisions and policies by Council.
- 1.3. Council's community includes people who live, work, study, own property, conduct private or government business, visit or use the services, facilities and public spaces and places of Council. Council recognises that a community may be a geographic location (community of place), a community of similar interest (community of interest) or a community of affiliation, practice or identity (such as industry or sporting clubs).
- 1.4. Section 50A of the *Local Government Act 1999* (the Act) requires Council to prepare and adopt a policy relating to community engagement for the purposes of the Act. The policy must be consistent with and comply with any requirements specified by the Community Engagement Charter (the Charter) which is provided as an appendix to this Policy.

2. Purpose and Scope

- 2.1. The purpose of this policy is to ensure that Council meets its legislative obligations regarding public consultation by:
 - 2.1.1. Meeting the requirements set out in the Act and the Charter.
 - 2.1.2. Using appropriate and cost-effective engagement methods which are relevant to the specific circumstances of each decision, activity or process.
 - 2.1.3. Providing for appropriate participation by the local community, key stakeholders and interested parties.
 - 2.1.4. Using feedback to enhance decision making.
 - 2.1.5. Providing information on the reasons for decision or actions of Council, where reasonable and appropriate.
- 2.2. This policy is a statement of Council's general position in relation to community engagement (public consultation), as required under the Act and the Charter.
- 2.3. This policy applies to decisions, activities and processes undertaken by the Council, a delegate of the Council or a person exercising power on the Council's behalf, where public consultation is required to be undertaken in accordance with the Act, the Charter, or this policy. A reference in this policy to 'Council' includes a reference to a delegate or other person exercising power on the Council's behalf.
- 2.4. The Chief Executive Officer is responsible for the implementation and application of this policy, and where necessary reporting the outcomes of consultations to the Council. The specific delegations made under this Policy are outlined in part 8 of this policy.

- 2.5. This policy does not apply where the Council is exercising powers and functions under any other Act. Where there are consultation requirements under other legislation, e.g. the *Planning, Development and Infrastructure Act 2016*, those specific processes take precedence over this policy.

3. Principles

- 3.1. The preparation and adoption of this policy fulfil the Council's obligations to prepare and adopt a policy under section 50(A) of the Act. The following principles in the Charter have been considered in the preparation of this policy:
- 3.1.1. community members should have reasonable, timely, meaningful and ongoing opportunities to gain access to information about proposed decisions, activities, processes of councils and to participate in relevant processes;
 - 3.1.2. information about issues should be in plain language, readily accessible and in a form that facilitates community participation;
 - 3.1.3. participation methods should seek to foster and encourage constructive dialogue, discussion and debate in relation to proposed decisions, activities and processes of councils;
 - 3.1.4. participation methods should be appropriate having regard to the significance and likely impact of proposed decisions, activities and processes; and
 - 3.1.5. insofar as is reasonable, communities should be provided with information about how community views have been taken into account and reasons for decisions or actions of councils.
- 3.2. Council will undertake public consultation in accordance with the Act, the Charter and this policy.
- 3.3. Council may, in its absolute discretion, determine to undertake a step or steps in addition to those set out in this policy in relation to a matter for which it is required by the Act and/or the Charter to undertake public consultation.
- 3.4. However, Council is not required to give prior consideration and/or to determine whether or not to undertake any additional step or steps in relation to such a matter. A well-intentioned engagement that does not generate the anticipated level of engagement is not a breach of this policy.
- 3.5. Council may, from time to time, alter or substitute a new policy, following public consultation.
