Payneham Oval Playground

Mayor's Message

Welcome to the August 2016 edition of Look East

It is hard to recall a busier first half of a year than the last six months, which concluded with the Federal Election on 2 July.

For the Council, most of this period was devoted to preparing the 2016-2017 Annual Business Plan & Budget, which aims to strike a balance between a low rate increase, whilst investing in community infrastructure and supporting local business.

A recent example of the Council's investment into its community infrastructure is the Payneham Oval Playground, an \$840,000 project which opened in August 2015 and provides a regional-level play space for the benefit of the local community.

This Council also continues to recognise the important role that Local Government can play in supporting the local economy, which often gets overlooked. Whilst it is true that Local Government does not have the same economic levers as other spheres of government, the Council's influence in creating a business-friendly environment is still worthy of attention. According to the South Australian Centre for Economic Studies (2013), "Councils individually and through regional collaboration have a role to play in economic development which is integral to achieving the core objectives of enhancing community development."

In order to support our local economy, the Council has kept next year's rate increase for commercial property at an (average) 0.60 per cent.

Support for Glynde's world-class food businesses, which commenced three years ago with the launch of the 'Food Secrets of Glynde' initiative, has continued, with the hugely successful 'Taste Glynde' event held at Robern Menz in May.

The rise of Glynde's profile as one of Adelaide's major food manufacturing precincts is now attracting food lovers from across the metropolitan area to participate in monthly bus tours.

Building on this success, the Council is also working closely with other local food manufacturers to develop Norwood Payneham & St Peters' reputation as a genuine 'food city'.

In keeping with its commitment to support and promote local creative industries, the Council recently approved a new lease for Brick+Mortar, situated behind the Norwood Town Hall, which is working with local creative and start-ups through the newly formed South Australian Co-working Association. The development of The Parade Masterplan, which began with an extensive community consultation process in late January, will result in the first major upgrade of the precinct in over 20 years.

Magill Road is also being supported through the development of a new logo and brand, with traders and property owners having had the opportunity to have a direct say in the design process.

The Kent Town Urban Design Framework will look at planning a more attractive, greener and safer public realm and also provide a strategic direction for the Council to ensure that future changes in this important gateway between our City and the Adelaide CBD, can be managed effectively.

What all of this work shows is that this Council is serious in its efforts to bring economic prosperity to our community, now and into the future.

On a personal note, I would like to congratulate the Council's Chief Executive Officer, Mario Barone on receiving a Public Service Medal within the 2016 Queen's Birthday Honours, as well as Bruno Cavallaro, Construction & Maintenance Team Member, who was awarded 'Trainee of the Year' by Group Training (SA) Inc.

Robert Bria Mayor

Progressing the 'Food Secrets of Glynde' initiative

The Council's 'Food Secrets of Glynde' initiative brings to life the hidden flavours, experiences and stories of the unique, world-class food manufacturing area in Glynde. Through this initiative, the Council is recognising and showcasing Glynde and the key role it can play in driving increased food and wine exports and reinforcing South Australia's position as a premier food and wine destination.

Originally launched in August 2014, the 'Food Secrets of Glynde' initiative has progressed to include the release of a second edition of the publication, guided bus tours and a project to implement way-finding signage around the Precinct.

In May 2016, the Council proudly hosted '*Taste Glynde*', a free community event held at Robern Menz in association with the 2016 *Tasting Australia* festival.

This highly successful event attracted around 3,500 people to the Precinct to enjoy product samples, food, wine and be treated to live cooking demonstrations by renowned chefs, including celebrity couple, Carmine and Lauren. Adelaide-based chef and restauranteur, Salvatore Pepe, has recently been appointed as the new Ambassador for Glynde and is honoured to take on this role to promote the flavours of his Italian heritage which are produced and manufactured in Glynde.

In February 2016, the Council initiated the Glynde Bus Tours Program, where guests are taken to five businesses in Glynde and treated to samples and tastings, lunch and merchandise. Held once a month, the Bus Tours have proved to be a vastly popular addition to the '*Food Secrets of Glynde*' initiative and are fully booked for 2016. The Glynde Bus Tours program for 2017 will be released soon! The second edition of the 'Food Secrets of Glynde' publication was released in May, which features current information about many of the food manufacturers and producers in the Glynde Precinct, including delicious recipe ideas and a Glynde business directory and location map.

To further capitalise on the publication, way-finding signage has been installed around the Glynde Precinct to assist visitors to follow the trail and discover the many food secrets in the area!

For further information about the '*Food Secrets of Glynde*' initiative, contact the Council's Economic Development Unit on 8366 4512.

Held in May 2016, the highly successful 'Taste Glynde' event attracted over 3500 people to experience the many flavours of Glynde.

Pick up your copy of the 'Food Secrets of Glynde'!

Copies of this free publication are available from the Council's Customer Service Centre at 175 The Parade, Norwood, or from any of the Council's Libraries, or may be viewed online at www.npsp.sa.gov.au

2016 EXCELLENCE IN URBAN DESIGN AWARD WINNERS

CONGRATULATIONS TO ALL THE NOMINEES AND AWARD WINNERS!

BEST RESIDENTIAL DEVELOPMENT

57 Frederick Street, Maylands

BEST COMMERCIAL DEVELOPMENT

Base 64, 64 North Terrace, Kent Town

PEOPLE'S CHOICE AWARD

8A & 8B Seventh Avenue, St Peters

Our City's Award Winning Urban Developments

The Council's 'Excellence in Urban Design Awards', seek to recognise and celebrate locally responsive developments and renovations which improve the quality of the City's built environment.

Held in April, the 2016 Urban Design Awards received a record total of 14 nominations for residential and commercial urban developments, which were nominated by members of the general community, as well as design industry professionals.

The Awards were judged by a panel of industry experts comprising Peter Dungey, architect and urban designer; David Brown of BB Architects; Peter Jensen of Jensen Planning & Design; and the Council's General Manager, Urban Planning & Environment, Carlos Buzzetti.

The Urban Design Awards also seek to promote community awareness of the City's built environment and acknowledge the significant contribution which architects and designers make to the liveability of this Council area.

Mayor Robert Bria summarised the Awards program as being recognisant of local designers and developers who have succeeded in creating new developments that enhance the existing built character of the City.

"As a community, we should all show a commitment to the future development of our City and promote excellence in design which encourages social, economic and cultural prosperity," he said. In addition to the Best Residential and Best Commercial Awards, in 2016 a new 'People's Choice Award' category allowed members of the community to have their say on the most creative and innovative nomination.

The awards were conferred at a special event held on 16 June at creative retail hub, Brick+Mortar.

To view the entries in the 2016 Excellence in Urban Design Awards or for further information, please visit www.npsp.sa.gov.au or for more information, contact the Council's Manager, Development Assessment, Mark Thomson on 8366 4567 or email mthomson@npsp.sa.gov.au

A Vision for The Parade, Norwood

Developing The Parade Masterplan

The Parade Masterplan is a significant Council initiative which will recognise, manage and enhance the strong 'sense of place' of The Parade, Norwood and its distinctive cultural, social and economic importance to the City of Norwood Payneham & St Peters.

The primary objective of The Parade Masterplan is to provide the design framework to deliver a high quality public realm which focuses on providing an attractive, accessible, sustainable, connected and safe pedestrian and cycling friendly environment.

The Masterplan will also identify public transport opportunities that support the needs of the increasing number of people who will live, work and visit The Parade in future.

In January 2016, the Council appointed Oxigen Landscape Architecture and its multi-disciplinary sub-consultancy team, to develop the Masterplan for The Parade, which encompasses the whole of The Parade, between Fullarton Road and Portrush Road. Earlier this year, consultation was undertaken with the community and key stakeholders to identify their vision for The Parade. Participants were invited to provide thoughts and ideas about what they love about The Parade, what changes they would make and how it could be improved.

Through various engagement opportunities, including a stall at the Santos Tour Down Under event held on The Parade in January 2016 and utilising an online engagement technology, the Council was able to capture the views and ideas of hundreds of people.

As part of the community and stakeholder consultation, the Council also undertook direct engagement with children and young people from six primary and secondary schools across the Council area. The intent of the consultation with school children was to capture the views and creativity of these major stakeholders and design the street to meet the needs of all users.

The feedback from the consultation is currently being reviewed and will be used to help inform the development of a range of draft concepts, which will be presented to the Council later in the year.

For more information about this exciting Project, please contact the Council's Acting Manager, Economic Development & Strategic Projects, Keke Michalos on 8366 4509 or email kmichalos@npsp.sa.gov.au

TASTE, SHOP & PLAY ON THE PARADE

Keep an eye out for a high impact marketing campaign enticing people to Taste, Shop and Play on The Parade, Norwood, which is travelling the city on the back of Adelaide Metro buses!

The bus advertising campaign will be seen by an estimated 773,000 viewers over a 12 week period, keeping The Parade front of mind as one of Adelaide's premier mainstreet destinations for shopping, dining and leisure.

Keep up to date with all the latest news from The Parade, Norwood at www.theparadenorwood.com or follow us on social media.

The Beulah Road Bicycle Boulevard aims to...

Provide a safe and attractive route for cyclists

Create more liveable streets for people

Improve pedestrian accessibility and safety

Lower traffic volumes and speeds

KEEP LEFT

Offer a shared roadway for motorists and cyclists

Build on connectivity to The Parade

Beulah Road Bicycle Boulevard

One of the priority infrastructure actions arising from the Council's City-wide Cycling Plan is the development of a Bicycle Boulevard along Beulah Road, Norwood, between Portrush Road and Fullarton Road.

Beulah Road is the first Bicycle Boulevard to be progressed in the City of Norwood Payneham & St Peters. This is a priority route used by cyclists and aligns with adjoining Councils priorities for cycling accessibility and State Government objectives for connectivity and safety for cyclists in the east.

The intent of this major project is to enhance Beulah Road as a safer and more attractive cycling route than along the parallel arterial roads of The Parade or Magill Road, whilst maintaining existing accessibility and car parking for motorists. Community consultation regarding the preferred Design Concept for the Bicycle Boulevard was undertaken in March 2016. During the one month consultation period, 117 submissions were received and of these, 74 submissions (63%) were generally in support of the plan and the preferred Design Concept. A further 13 (11%) did not express support or opposition but raised questions or suggested design modifications, whilst 30 submissions (26%) were not in support of the proposal.

The Final Design Concept, which was amended to address the comments and feedback which resulted from the community consultation, was endorsed by the Council at its 6 June meeting.

"The Council's Strategic Management Plan, *CityPlan 2030*, sets out objectives and strategies for creating a peoplefriendly, integrated and sustainable transport network which promotes the use of alternative transport to motor vehicles," said Mayor Bria.

"Implementing this significant Project sends a clear signal to our community that the Council is supportive of alternative forms of transport and committed to providing safe and accessible facilities for cyclists," he said.

The Council has allocated \$500,000 in its 2016-2017 Budget for the implementation of the Project and has applied for external funding from the State Government's Greenways and Bicycle Boulevard Fund.

For further information, please contact the Council's Manager, Urban Planning & Sustainability, Eleanor Walters on 8366 4521 or email ewalters@npsp.sa.gov.au

New Laws for Cyclist Safety

In October 2015, new cycling laws were introduced by the State Government which allow cyclists to ride on footpaths, unless a sign is posted that specifically prohibits cyclists from doing so. The law changes also prescribe a minimum 'one metre rule' as a safe distance for motorists when overtaking cyclists on the road. Following the introduction of the new laws, Councils were given the option to prohibit the riding of bicycles on footpaths through the installation of traffic control devices, pavement markings and signage.

The City of Norwood Payneham & St Peters undertook investigations and observed that there has not been a marked increase in cycling on footpaths since the new laws came into effect and of the few cyclists who were observed cycling on footpaths, no safety issues have been identified.

The Council determined that it would not prohibit cycling on footpaths or change existing footpath infrastructure and resolved to undertake a 'business as usual' approach. The Council will continue to monitor and observe cyclist and pedestrian activity on footpaths.

2016-2017 Budget

A brief look at the 2016-2017 Annual Business Plan & Budget

The Council's 2016-2017 Budget is a future-focused and financially responsible budget, which is targeted at ensuring the Council's continuing and emerging priorities are appropriately resourced and funded.

Strategic Direction

The Council's Strategic Management Plan, *CityPlan 2030: Shaping Our Future*, was adopted in July 2008 and provides the overarching planning framework for all of the Council's decision-making.

CityPlan 2030 sets out the broad directions and objectives as to how the Council's overall aim of community Well-being will be achieved, using a unique Quadruple Bottom Line (QBL) Framework. Under this approach, the Council structures all of the projects, programs and services which it delivers into four key outcomes areas, known as the 'four pillars' of Community Well-being:

- Social Equity
- 😲 Cultural Vitality
- **Economic Prosperity**
- 7 Environmental Sustainability

\$2.377m Operating Surplus

> 2.25% Rate Revenue Increase

\$31.7m *Rates Revenue*

For detailed Budget information, please download the 2016-2017 Annual Business Plan & Budget from the Council's website, www.npsp.sa.gov.au

Budget Overview

The ability to deliver on the strategic directions contained in *CityPlan 2030* and the projects, programs and services set out in the 2016-2017 Annual Business Plan & Budget, is dependent on the Council having sufficient financial resources available.

Each year, the Council's Annual Business Plan & Budget is built upon the strategic outcomes outlined in *CityPlan 2030* and the Long-Term Financial Plan 2012-2022, with a focus on ensuring that the Council can maintain its existing services whilst appropriately funding new projects and initiatives.

The Council's financial sustainability is dependent on ensuring that, on average over time, the Council's income can cover the cost of its operational expenses.

The following pages outline the key initiatives, major projects and ongoing services which will be undertaken by the Council in 2016-2017.

New Initiatives & Strategic Operating Projects

1.85% Average Residential Rate Increase **0.60%** Average Commercial Rate Increase

\$17.979m *Capital Works Program*

2016-2017 Key Initiatives, Projects & Services

The map on the following page details the major projects which will be delivered across the City.

The list below provides details of additional projects and services which will be undertaken in 2016-2017 for the benefit of the entire community.

Social Equity

Civil Capital Works Program (roads, footpaths and kerbs) – \$2,890,667

Buildings Capital Works Program (upgrades to Council owned buildings) – \$414,500

Recreation & Open Space Works Program – \$605,626

New shade structures at Church Street, Twelftree Reserve and Payneham Oval Playgrounds – \$105,000

Schools Traffic, Safety & Parking Review Implementation (Stage 1) – \$260,000

Annual acquisition of Library stock – \$189,500

Purchase Inflatable Obstacle Course for Swimming Centres (Subject to completion of Swimming Centres Review) - \$18,000

Every Generation Festival – \$7,000

Cultural Vitality

Major Public Art Funding Project (Quadrennial Public Art Project) – \$45,000

Canvas Youth Arts & Events Program – \$32,412

Economic Prosperity

Support for the City's four business precincts – \$288,458

Environmental Sustainability

Annual Hard Waste & Electronic Waste Collection Service – \$149,500

Provision of compostable liner bags for the Kitchen Organics Service – \$50,000

Corporate

Audiovisual Equipment upgrade for Council Chambers and Mayor's Parlour – \$54,600

Upgrade of website - \$10,000

Council intranet - \$35,000

City-wide Food Manufacturing Promotion \$25,000

Norwood Oval Clubrooms and Members Facilities \$5,320,000

Norwood Oval Streetscape Works \$500,000

Kent Town Urban Design Framework \$90,000

Capital Works Program 2016-2017

The Council invests significant resources each year to ensure the high quality and standard of its infrastructure, including roads, footpaths, kerbs, buildings and recreation and open space assets. In 2016-2017, the Council's overall Capital Works Program budget of \$4,407,517 incorporates:

- Civil Infrastructure \$2,890,667
- Drainage Infrastructure \$500,000
- Buildings Infrastructure \$414,500
- Recreation & Open Space \$605,626

The Civil Infrastructure Capital Works Program involves upgrades and improvements to the City's streets, with works including reseals, footpath paving and kerbing.

A summary of the 2016-2017 Civil Infrastructure Capital Works Program is set out below

College Park

Footpath Paving: Pembroke Street – from Rugby Street to College Street, west side

Kerbing: Pembroke Street – from Rugby Street to College Street, west side

Road Resealing: Lincoln Lane – from Torrens Street to Harrow Road

Evandale

Footpath Paving: Elizabeth Street – from Janet Street to Bakewell Road, west side

Felixstow

Footpath Paving: Briar Road – from Riverside Drive to Langman Grove, west side

Riverside Drive – from Langman Grove to Briar Road, south side

Glynde

Footpath Paving: Payneham Road – from Martin Street to Hilltop Avenue, south side

Davis Road – from Barnes Road to Glynburn Road, south side

Kerbing: Payneham Road – from Martin Street to Hilltop Avenue, south side

Road resealing: Janet Avenue – Scott Street to Glynburn Road

Heathpool

Road resealing: Stannington Avenue – Portrush Road to end

Joslin

Footpath Paving: Tenth Avenue – from Stephen Terrace to Winchester Street, south side

Kensington

Footpath Paving: Regent Street – from Maesbury Street to Shipsters Road, north side

Wellington Street – from Portrush Road to Bridge Street, north side

Bridge Street – from Kensington Road to High Street, north side

Kerbing:

Phillips Street – from High Street to Regent Place, east side

Maesbury Street – from Regent Street to Hill Street, west side

Marden

Footpath Paving: Broad Street – from Beasley Street to Dix Avenue, east side

Road resealing: Wear Avenue – Kent Street to Kildare Avenue

Marden

Wear Court – Wear Avenue to end

Church Road – Marden Road to Pitt Street

Maylands

Road resealing: Nora Street – Portrush Road to Phillis Street

Norwood

Footpath Paving: Sydenham Road – from William Street to The Parade, east side

Florence Street – from Sydenham Road to Stanley Street, north side

Clara Street – from Edward Street to George Street, north side

Kerbing: Boskenna Avenue – from Fullarton Road to Charles Street, both sides

Road resealing: Mattingley Lane – Sydenham Road to Runge Place

Montrose Avenue – Fullarton Road to Charles Street

Boskenna Avenue – Fullarton Road to Charles Street

Docker Lane – Jude Lane to Wadham Lane

Payneham

Footpath Paving: John Street – from Ashbrook Avenue to Avenue Road, north side

Payneham

Lewis Road – from Thelma Street to Ashbrook Avenue, south side

Road resealing: Avenue Road – Marian Road to Henry Street

Payneham South

Footpath Paving: Luhrs Road – from Ashbrook Avenue to Portrush Road, south side

Road resealing: First Avenue – Ashbrook Avenue to Pam Street

Royston Park

Kerbing: Ninth Avenue – from suburb boundary to Lambert Road, both sides

Lambert Road – Payneham Road to First Avenue, both sides

Road resealing: Ninth Avenue – suburb boundary to Lambert Road

Hooking Avenue – Ninth Avenue to Seventh Avenue

St Morris

Footpath Paving: Fourth Avenue – from Gage Street to Green Street, south side

Fifth Avenue – from Hereford Avenue to Gage Street, south side

Kerbing: Seventh Avenue – from Gage Street to Green Street, north side

St Morris

Road resealing: Thomas Avenue – Magill Road to Third Avenue

St Peters

Footpath Paving: Second Avenue – from Winchester Street to suburb boundary, west side

Third Avenue – from Harrow Road to St Peters Street, west side

Fourth Avenue – from St Peters Street to Stephen Terrace, east side

Kerbing: Ninth Avenue – from Winchester Street to suburb boundary, both sides

Road resealing: Ninth Avenue – Winchester Street to suburb boundary

Winchester Street – Payneham Road to First Avenue

Stepney

Kerbing: Alfred Street – from Nelson Street to Ann Street, north side

Other city-wide works:

Pram ramps (various locations)

Bus shelter DDA pads (various locations)

For further information please contact the Council's City Assets Unit on 8366 4533.

2016 Hard Waste & Electronic Waste Collection

The Council's annual Hard Waste and Electronic Waste Collection Service for residential properties will take place from Monday 29 August to Friday 30 September 2016.

This service is offered as part of the Council's ongoing commitment to responsible waste management, promoting waste reduction and environmental sustainability. It is an opportunity for residents to dispose of unwanted items, free of charge, in an environmentally-friendly and convenient manner.

Residents are asked to place items for collection on the kerbside no earlier than 12 noon on Saturday and no later than 7.00am on Monday of the designated week for collection in your area, as shown on the map below. Items for disposal must be neatly stacked as close to the kerb as possible and must not obstruct the footpath. Electronic waste should be separated from general hard rubbish items. The electronic waste is collected and sent to a specialist recycling facility where it is disassembled and supplied to other processors for re-use.

For a detailed list of items that are suitable for recycling please visit www.npsp.gov.au

For further information, please contact the Council's Urban Services staff on 8366 4533.

\$149,500 will be spent on the 2016 Hard Waste & Electronic Waste Collection Service.

2016 Collection Areas & Dates

Area 1 – Monday 29 August to Friday 2 September Hackney, College Park, St Peters, Stepney, Payneham (west of Portrush Road), Evandale & Maylands

Area 2 – Monday 5 to Friday 9 September Marden, Royston Park, Joslin & St Peters (north of Winchester Street)

Area 3 – Monday 12 to Friday 16 September Payneham (east of Portrush Road), Glynde & Felixstow

Area 4 – Monday 19 to Friday 23 September Firle, Trinity Gardens, St Morris & Payneham South

Area 5 – Monday 26 to Friday 30 September Kent Town, Norwood, Kensington, Marryatville & Heathpool

CityPlan 2030 Review

In 2016, the next review of the Council's Long-term Strategic Management Plan, *CityPlan 2030: Shaping Our Future* will be undertaken. *CityPlan2030* is reviewed every four years, to ensure that the Objectives, Strategies and Targets for realising the Council's Vision remain current and continue to reflect the community's aspirations and priorities, in order to meet the Council's overall goal of achieving Community Well-being.

The review will involve opportunities for local citizens, businesses and the wider community, to have a say and help to shape the future of our City. For further information about the upcoming *CityPlan 2030* Review, please contact the Council's Strategic Projects Coordinator, Olivia Franco on 8366 4524 or email ofranco@npsp.sa.gov.au

😲 📢 🇊 🥖

New Clubrooms for Payneham Oval

The Council has been successful in its application to the Commonwealth Government's National Stronger Regions Fund (Round 3), for grant funding of \$499,250 to upgrade the clubrooms at Payneham Oval. The upgrade to the Payneham Oval clubrooms will be undertaken as part of Stage 2 of the redevelopment of the Payneham Oval Complex, following the Stage 1 completion of the new playground in August 2015.

The Commonwealth funding, which matches the Council's \$500,000 contribution contained in its 2016-2017 Annual Budget, will result in improved accessibility and amenities at the Oval.

The clubrooms upgrade will include installation of an access lift, upgrading toilets to make them accessible, new air conditioning, improved lighting and solar panels. Additional works will include the installation of netting behind the southern goals and landscaping.

"This is a great result for the Payneham Norwood Union Football Club and Payneham Cricket Club to see these facilities undergo a major refurbishment," said Mayor Bria. "Both Clubs have been an integral part of our community for more than a century and this investment in local sporting infrastructure means that supporters of the Clubs can enjoy high quality and accessible facilities in the future.

"The Council is grateful that its grant application was viewed in a positive light by the Commonwealth Government and looks forward to starting work on the upgrade in April 2017, subject to discussions with user groups and approvals," he said.

For further information about the Payneham Oval Project, please contact the Council's Acting Manager, Economic Development & Strategic Projects, Keke Michalos on 8366 4509 or email kmichalos@npsp.sa.gov.au

Payneham Oval is located at John Street, Payneham

Syd Jones Reserve Concept Plan

In late 2016, the Council will commence the process of developing a Concept Plan for Syd Jones Reserve, located in Firle.

The Concept Plan will provide the Council with a new vision for Syd Jones Reserve, which will improve the presentation and deliver a Reserve that is better tailored to the needs of the local community. In May 2016, the Council resolved to demolish the building at the Reserve which was formerly occupied by the Eastern Suburbs State Emergency Services (SES) Unit, following their relocation to premises in Norwood. Given the age and relatively poor condition of the building, the Council resolved to return the site to open space, rather than invest a significant amount of money into restoring the building.

Along with the potential removal of other existing infrastructure which is no longer in operation (such as the tennis courts and some of the play equipment), this has presented the Council with a unique opportunity to reimagine Syd Jones Reserve as a valued community destination, as well as returning over 40% of the Reserve to public open space.

The ability to provide well designed and innovative open spaces contributes to the fabric of the Council area. The development of a Concept Plan will not only ensure an integrated and environmentally sustainable outcome for the Syd Jones Reserve but will also deliver social and cultural benefits for the community.

Syd Jones Reserve is located at Sullivan Street, Firle.

Sustainable Garden Awards

An exciting new Awards Program to recognise and celebrate the importance of gardening and landscaping in our City's urban environment, will be launched in September 2016.

The Council's Sustainable Gardens Awards will showcase a variety of gardens in the local area which make a positive contribution to the environment and the well-being of our citizens through sustainability principles, design and innovation. The Awards Program will include a series of free community workshops and information sessions, to be held in the lead up to the Sustainable Gardens Awards presentation in November 2016.

Residents, business owners, schools and community groups with a 'sustainable' garden story to share are encouraged to participate by nominating for the inaugural Sustainable Gardens Awards Program.

For further information about the Awards Program, please contact Kate Talbot, Executive Assistant on 8366 4562 or email ktalbot@npsp.sa.gov.au

Sustainable Garden Awards Key Dates

Nominations Open & Launch Event Tuesday 13 September

Join Mayor Bria and guest presenter, Monina Gilbey from Green Ghecko Studios, for a special launch event and information session about sustainable garden design.

6.00pm – 7.30pm, Banquet Hall, St Peters Town Hall Complex, 101 Payneham Road, St Peters

All welcome to attend.

Nominations Close Friday 14 October

Awards Presentation Thursday 10 November

🔮 😍 💿 🥖

River Torrens Linear Park Shared Use Path Project

In an effort to improve the efficiency and safety of the River Torrens Linear Park for all users, the Council has resolved to allocate the total amount of funding that it will receive through the Federal Government's 2016-2017 and 2017-2018 Roads to Recovery funding, to the construction of the River Torrens Linear Park Shared Use Path Project. Whilst the Council receives this funding from Roads to Recovery annually, the amount which will be received in 2016-2017 and 2017-2018, is almost three times the normal amount, providing the Council with the opportunity to think more strategically about how the funds are allocated.

Mindful of the redevelopment of Felixstow Reserve, which includes an upgrade to the section of the Linear Park that runs along the length of Felixstow Reserve, the Council identified an opportunity to upgrade the path network along the River Torrens Linear Park, from Felixstow Reserve to Battams Road, Joslin.

This Project will not only complement the redevelopment of Felixstow Reserve but will also result in approximately 50% of the River Torrens Linear Park Shared Use Path, within the City of Norwood Payneham & St Peters being upgraded. As the first step in delivering this exciting project, the Council has commenced work on a Management Framework and Concept Plan, which will determine the most appropriate alignment for a wider path, as well as the integration of water management, existing vegetation, playgrounds, BBQ facilities, toilets, furniture, lighting and open spaces.

These documents will also provide the Council with the strategic direction for the long-term management of its existing open space assets along Linear Park.

Whilst the River Torrens Linear Park Management Framework and Concept Plan will outline an integrated longterm upgrade of the Linear Park from the river to the edge of the trail, the initial focus will be to deliver a new shared use path along the Linear Park to accommodate the increased frequency of use and improve the safety of pedestrians and cyclists.

Felixstow Reserve is located at Langman Grove, Felixstow

() 🕖

Resilient East Climate Change Adaptation Plan

Leading the way in preparing for the challenges of climate change, the Council has endorsed the draft Resilient East Regional Climate Change Adaptation Plan, which outlines climate change adaptation priorities and pathways for the eastern region of metropolitan Adelaide. The Project was commenced in 2014 in a collaborative effort between eight partnering Councils, namely the Cities of Norwood Payneham & St Peters, Adelaide, Burnside, Tea Tree Gully, Unley, Prospect, Campbelltown City Council and the Town of Walkerville. The Project is supported by the Department of Environment, Water and Natural Resources, South Australian Fire and Emergency Services Commission (SAFECOM) and the Adelaide and Mount Lofty Ranges Natural Resources Management Board.

The Resilient East Regional Climate Change Adaptation Plan aims to ensure a collaborative approach to climate change across Adelaide's eastern region, which aligns with the State Government's Climate Change Adaptation Framework (2012). The Plan provides the participating Councils with the tangible actions required to address the local impacts of climate change, in order to ensure that the community, economy, assets, infrastructure and the natural environment can respond positively to the challenges presented by a changing climate.

The draft Regional Climate Change Adaptation Plan provides a clearly defined framework and scope to implement the Resilient East Project. A copy of the Plan is available online at www.npsp.sa.gov.au

For further information, please contact the Council's Manager, Urban Planning & Sustainability, Eleanor Walters on 8366 4521.

() 💿

Rebranding Magill Road

An exciting new brand redevelopment project for the Magill Road Precinct will be undertaken in 2016-2017, with the objective of establishing a unique brand identity to effectively market Magill Road to consumers, businesses and the community, as one of Adelaide's premier mainstreets. Implementation of a new logo and brand will ensure that Magill Road can maintain its positioning as the best destination shopping experience which offers a mix of unique and eclectic businesses, products and services.

The new website, which is scheduled to launch in late 2016, will enable consumers to quickly and easily locate businesses along Magill Road, with features such as an interactive map as well as links to Magill Road's social media pages. This is an exciting time for Magill Road, with the new logo, brand and website to be launched later this year and a number of significant projects to be undertaken over the coming months, including new street signage, advertising and the facilitation of networking forums for Magill Road businesses and property owners.

Keep up-to-date with all the latest news from Magill Road:

Kent Town Urban Design Framework

In the State Government's *30 Year Plan for Greater Adelaide,* Kent Town is recognised as a 'significant high density, mixed use, and regeneration opportunity''. In recognition of this strategic vision, parts of Kent Town were rezoned in 2013 to allow for higher density, mixed used precincts to be developed, which are both sustainable and vibrant and offer a greater diversity of housing options in close proximity to employment, shopping, community, recreational and educational facilities.

To support this vision and complement the anticipated growth within Kent Town, the Council will be developing an Urban Design Framework for the Kent Town Precinct. The Urban Design Framework will provide the basis for establishing a more attractive, greener and safer public realm across Kent Town and assist the Council in managing the various demands that will be placed on the public realm.

Development of the development of the Kent Town Urban Design Framework will commence in August 2016.

For further information, please contact the Council's Acting Manager, Economic Development & Strategic Projects, Keke Michalos on 8366 4509.

Staff Awards

The City of Norwood Payneham & St Peters is proud to employ staff of the highest calibre in their areas of expertise.

The Council congratulates the following staff on receiving public awards for their outstanding achievement.

Mario Barone PSM Chief Executive Officer

Recipient of a Queen's Birthday Honours 2016 Public Service Medal for outstanding public service to local government in South Australia through the provision of leadership and strategic planning.

As Chief Executive Officer of the City of Norwood Payneham & St Peters and having worked within the Local Government sector for over 25 years, Mario has exemplified outstanding leadership across all facets of executive management in Local Government, particularly in the areas of strategic planning, innovation in project delivery and service excellence.

Bruno Cavallaro

Construction & Maintenance Team Member

Recipient of Trainee of the Year Award by Group Training (SA) Inc.

Bruno was awarded the top honour of Trainee of the Year for his interest in construction and commitment to completing his civil construction traineeship in just 15 months, along with his high level of humility, infectious personality, leadership skills and willingness to help.

This award also highlights the Council as being a quality training ground for the development of staff in the civil construction field.

Swimming Centres Review

In March 2015, the Council commenced a comprehensive review of the Norwood and Payneham Swimming Centres. The review was undertaken with the objective of developing a long-term strategy for the redevelopment of the Swimming Centres, which will ensure the provision of valued and relevant community facilities.

The process to date has involved extensive data collection, market research and community engagement, to gain an understanding of current trends within the aquatics industry and determine what the community values and envisions for the future of the Swimming Centres.

The draft long-term Swimming Centres Strategy is currently being developed for the purposes of community consultation in late 2016.

For further information, please contact the Council's Acting General Manager, Corporate Services, Sharon Perkins on 8366 4585 or email sperkins@npsp.sa.gov.au

Celebrating Diversity *Celebrating Citizenship*

The Council's citizenship ceremonies add to the rich cultural fabric of our community, through publicly recognising and welcoming new residents from many different backgrounds to our City.

In celebration of the diversity of our community, the Council hosted its most recent Citizenship Ceremony as part of the SANFL Multicultural Round at Coopers Stadium, on Sunday 12 June 2016. This was the second consecutive year for the Council to host a ceremony as part of SANFL Multicultural Round. 25 new citizens were naturalised during the ceremony, which took place on the oval before the Norwood Redlegs versus Adelaide Crows football game. Countries represented included India, Colombia, Hong Kong, Korea, Malaysia, USA, China, Afghanistan, Italy, New Zealand, Nepal and the United Kingdom.

"The Council was honoured to be able to conduct its Citizenship Ceremony as part of the SANFL Multicultural Round again this year," said Mayor Robert Bria.

"Holding the Citizenship Ceremony at Coopers Stadium was an opportunity to celebrate multiculturalism in our community alongside the unique game of Australian football, which is played and supported by people from many different cultural backgrounds.

"The Council is grateful for the assistance of the Norwood Football Club in putting on the ceremony and for the ongoing support of the SANFL," he said.

For further information about future Citizenship Ceremonies, please contact the Council's Events Unit on 8366 4527.

Give Happy, Live Happy *Volunteer Opportunities*

Volunteers are a big part of our City's community life and make a valuable contribution by giving their time and skills for the benefit of others.

Aside from helping others, volunteering can provide many benefits for individuals including contact with other people, an opportunity to develop new skills, new challenges, form new networks and gain work experience.

The following opportunities are currently available with the Council's Volunteer Program:

Friends of the Billabong

Friends of the Billabong is a Volunteer group dedicated to the restoration and preservation of the St Peters Billabong, located in St Peters Park.

Volunteers are mainly involved in natural revegetation work and offer practical, hands-on assistance including planting, weed eradication, watering and general site improvement.

Community Visitors Scheme

The Community Visitors Scheme (CVS) is a Federal Government initiative that aims to help establish links between older people and their local community and enrich their quality of life.

If you have one hour free per fortnight to befriend an older person in your local community then this Program is for you!

Stepping Out Program

Stepping Out matches Volunteers who are dedicated to sharing their own skills and interests, with frail aged or younger disabled members of our community.

The benefits of Stepping Out include companionship and friendship, increasing an individual's involvement in social activities and sharing a hobby or activity that is of mutual interest.

Graffiti Removal

Graffiti Removal Volunteers work as a team to remove illegal graffiti from private and public property across the Council area.

For further information about the Council's Volunteer Program or the available opportunities, visit www.npsp.sa.gov.au or contact the Council's Volunteer Coordinator, Rebecca O'Dell on 8366 4631 or email rodell@npsp.sa.gov.au thanks EGIIIMTeer Week 2016

The annual Volunteers Week BBQ was held during Volunteer Week in May 2016, to recognise and celebrate the invaluable contribution of Volunteers to our community.

All Council and Community Volunteers were invited by the Council to attend a picnic in Dunstone Grove-Linde Reserve, Stepney, to receive thanks and appreciation on behalf of the community for their generous contributions.

The event featuring a free barbecue, refreshments and live entertainment was attended by Volunteers and their families and was a great afternoon for all.

EVERY GENERATION 15-28 OCTOBER 2016

Celebrating Every Generation

sa khadaadka axa haakaa maraan kadaa ahadaan ahada aha baakaa daarka daarka daarka daarka daarka daarka daarka

The City of Norwood Payneham & St Peters is a proud and longstanding supporter of the Every Generation Festival, one of Australia's longest running annual arts and community festivals regularly attracting over 100,000 participants across South Australia.

Now in its 49th year, the Every Generation Festival continues the tradition of celebrating the valuable contribution made by older people.

The Council will again be celebrating Every Generation this year with a two week program of events and activities held from 15 to 28 October 2016.

With a focus on health & well-being, the program of events will include come and try activities such as yoga, pilates and Tai Chi, cycling workshops and opportunities to participate in walking groups and historical walking tours. Other exciting events and initiatives on offer include:

- Computer Training Classes lpad basics, Ebooks with overdrive and one-on-one training sessions
- Linde Community Garden Tours
- Healthy Eating Supermarket Tours
- 'Falling in Love with Your Soil' Workshop with guest presenter, Sophie Thomson
- 'From Mess to Less Declutter Your Space, Mind and Home' Workshop with guest speaker, Rebecca Mezzino
- Annual Concert & Morning Tea featuring the SA Police Band
- Tasting Wines of Italy presented by Sam Eads of Parade Cellars

The Every Generation Program aims to encourage all residents to be active and involved by trying a new activity, meeting new people and having fun along the way.

Bookings are essential for all events and will be available online via Try Booking from early September (unless otherwise stated).

For further information and a full list of events, visit www.npsp.sa.gov.au or www.cota.org.au or contact the Council's Community Care Services Project Officer, Maria De Conno on 8366 4519 or email mdeconno@npsp.sa.gov.au

Every Generation aims to encourage all residents to be active, try new activities, meet new people and have fun.

Helping elderly residents to live well

In June 2016, the Council's Home Support Program underwent a Quality Review and was successful in being assessed as delivering a high quality service, enabling older residents to be supported to live well in our community.

The Quality Review process is completed every three years by the Commonwealth Government's Aged Care Quality Agency and assesses the Council's services in the areas of home and community care against the National Home Care Standards, consisting of three main standards and a combined total of 18 outcomes which need to be met. The review involved the preparation of a self-assessment document which provided auditors with information and evidence in respect to the quality standard of the Council's systems and practices in the delivery of services. In addition to the review, auditors verified the self-assessment through interviews with staff, contractors, Volunteers and clients.

The Council's Community Services Unit was successful in achieving all of the required outcomes and was assessed as delivering a high quality service, which is supported by operational systems, policies and practices.

For further information about the Council's Community Services Program and the services available to older residents, please contact the Manager, Community Services, Rosanna Busolin on 8366 4600 or email rbusolin@npsp.sa.gov.au

The Council would like to take the opportunity to thank all of the residents, Volunteers and contractors who participated in the Quality Review.

Innovative outdoor play space

St Peters Child Care Centre & Preschool

The redevelopment of the St Peters Child Care Centre & Preschool was completed in February 2016, resulting in an improved facility incorporating six purpose-built learning environments and an innovative outdoor play space.

The final stage in the redevelopment of the Centre, the outdoor play area was officially opened by Mayor Robert Bria at a BBQ event for friends and families of the St Peters Child Care Centre & Preschool, in March 2016.

Delighting children of all ages, the play space features a digging patch, a dry creek bed and a water channel, designed to create a stimulating environment to promote inquiry-based and sensory learning in a fun and innovative way. The play space also retains traditional playground elements including a slide, swings and a sandpit.

The St Peters Child Care Centre & Preschool is located at 42 Henry Street, Stepney. For further information, visit www.npsp.sa.gov.au or contact the Centre on 8362 1843.

Preschool Places Available

The completed building renovation has increased the capacity of the St Peters Child Care Centre & Preschool to 94 places, creating an additional 14 fulltime or 70 part-time positions per week.

Enrolments in various age groups are still available for the second half of 2016 and all of 2017.

For enrolment information, please contact Alice Parsons, Director – St Peters Child Care Centre & Preschool on 8362 1843.

YouthFM Graduation

On 22 June 2016, the annual YouthFM Graduation Ceremony was held to celebrate the achievements of 14 participants on completion of the recent radio training program.

Graduates of the 12 month YouthFM Training Program gained skills and practical experience in preparing and presenting a radio show, which broadcast live each week on 94.7FM, from locally based Three D Radio Studios. The YouthFM Graduation Ceremony also included the announcement of the YouthFM and Australian Radio Schools Scholarships, which are awarded in recognition of the high level of achievement of graduates to support them to further their careers.

Presented by Sean Craig Murphy, Triple M host and Director of the Australian Radio School, two partial scholarships to the Australian Radio School were awarded to Brad Saegenschnitter and Laurence May. Congratulations to both award recipients and to the other graduates in the YouthFM Training Program.

YouthFM is a Radio Broadcast Training program for young people aged 15 to 25 years, held each year in partnership with the Cities of Burnside, Campbelltown, Prospect and the Town of Walkerville.

The next YouthFM intake will occur in August 2016.

For further information, visit www.npsp.gov.au or contact the Council's Manager, Community Services, Rosanna Busolin on 8366 4600.

The Canvas Youth Arts & Events Program will return in 2017, providing local youth with opportunities to develop their artistic skills and promote their talents.

Canvas is an opportunity for young people aged 12 to 25 years who live, work, study or volunteer in the Council area, to develop creative skills, network with industry experts and display their work in a positive community setting.

From 15 – 31 January 2017, the Council will host specialised Workshops in a variety of creative areas including visual art, short film, photography and music. An art exhibition and short film festival will be hosted in April 2017, to recognise and showcase the talent of participants in the Canvas program, with prizes on offer.

For further information about the Canvas Youth Arts & Events Program, visit www.npsp.sa.gov.au

Youth Arts & Events Program

CITY OF NORWOOD PAYNEHAM & ST PETERS

Children's Learning

BABY BOUNCE & RHYME

St Peters Library Every second Wednesday, 10.30am – 11.00am

Payneham Library Every second Thursday, 10.30am – 11.00am

Free event - no bookings required

Baby Bounce & Rhyme sessions are held for young children from birth to two years. These free fun and interactive sessions allow children to sing songs and nursery rhymes with their parents and other children, which helps to increase vocabulary and develop language, communication and numeracy skills.

Story Time Sessions

St Peters Library Every Monday, 10.30am – 11.00am

Payneham Library Every Tuesday, 10.30am – 11.30am

Free event - no bookings required

Story Time Sessions provide a fun and stimulating environment for children aged two years and over, with great stories, songs, games and crafts. These sessions help children to improve language and motor skills, develop concentration and imagination, learn to socialise with other children and to develop a lifetime's love of books and reading.

For more information about the Story Time Sessions and Baby Bounce & Rhyme, please visit www.npsp.sa.gov.au
