This report provides the Committee with a status report on the activities of the St Peters Child Care Centre & Preschool for the period to 30 June 2018.

BACKGROUND

The Centre has been in operation since 1976. The Centre is licenced to accommodate 105 children per day, however to ensure the high quality of care the Centre is known for is maintained, the number of available places has been capped at 94 places per day.

The key activities completed during the Quarter ended June 2018, together with actions completed in previous Quarters, as required by the Centre’s Strategic and Business Plans, are included in the Discussion Section of this report.

DISCUSSION

Child Numbers
The Centre is licensed for a maximum of 105 children daily however to ensure a high quality of care, the daily attendance numbers are capped at 94 per day. The mix of the numbers per age group may change on a needs basis. For example, the Centre has up to 28 under two (2) year olds, up to 30 two (2) to three (3) year olds and up to 36 over three (3) year olds. The average number of children for which services were provided for the June 2018 Quarter is detailed in Table 1 below.

While the Centre is licenced for 105 long day care places, to ensure that the Centre continues to provide above standard quality care, the Centre has limited the number of available places to 94. Due to a recent increase in new Centres being opened and to allow the Centre time to increase to the new (increased from 80 places to 94 places in February 2016) licenced capacity, the 2017-2018 Budget was set at 90 places.

Due to the number of new Childcare Centres being established within the local area and generally throughout Metropolitan Adelaide, the utilisation of the Centre for the June Quarter is at 96% of the Centres budgeted capacity. The overall utilisation is largely impacted by limited demand for care on Monday’s and Friday’s. It should be noted that the surrounding established Centres are also experiencing the impact of the increasing number of Childcare Centres being built throughout the region.

Despite lower than desired capacity, comments received from within the industry is that the Centre is a preferred option for long day Childcare.

Staff to Child Ratios

The Centre is required by the National Quality Standards to maintain a minimum Educator to Child Ratio at all times. The minimum Educator to Child ratios are detailed in Table 2.

</tbody>
</table>

As illustrated in Figure 1 below, as at the end of June 2018, the Centre continues to exceed the Educator to Child ratio in the Over Three’s (3) only. Due to the strong demand for places in the three (3) and under age group, without appointing additional staff, it is difficult for the Centre to exceed the minimum Educator to Child ratio within this age group, while maintaining full Centre capacity.
FIGURE 1: STAFF TO CHILD RATIO

Staffing

To ensure that the Centre meets the required staff to child ratios, the Full-time Equivalent Educator positions required are:

- **Under 2’s**: 7.00 FTE
- **2 - 3 years**: 6.00 FTE
- **Over 3’s**: 4.00 FTE

To ensure the ongoing continuity of care, during periods of staff absences, the Centre utilises Educators from within the casual pool of staff. Not only does this ensure that children are cared for by familiar Educators when their primary care givers are absent from the Centre, it ensures that operational costs are maintained, as there is less reliance on engaging temporary contract staff through temporary contract labour hire agencies to cover absences.

The staff numbers have kept relatively steady since the opening of the new room from 2016. The Centre has a total of 29 employees, which consist of 3 management and administration staff, 13 full-time, 6 part-time, and 7 casual staff as shown in Figure 2.

FIGURE 2: STAFF NUMBERS BY EMPLOYMENT CATEGORY

*The Casual Child Care Workers includes staff working in rooms and all relief staff.*
The Centre currently has one (1) vacancy, (the Team Leader – Diamond Room). Due to a number of fixed term contracts (Maternity Leave backfill) due to conclude by 30 June 2018 to provide development opportunities to existing staff, an Expression of Interest was presented to internal staff to be seconded to the position until 30 June 2018. The recruitment process for the permanent replacement has been completed with Ms Tracey Crawford awarded the Diamond Room Team Leader on a permanent basis. The fixed term contract (Maternity Leave backfill) for Team Leader – Ruby Room has concluded, with Ms Mel Dalianas returning from Maternity Leave to a part time Educator role. Ms Katie Steele has been appointed to the Team Leader position.

Universal Access to Early Childhood Education

Funding can be claimed for every four (4) year old child who remains at the Centre in the twelve (12) months prior to full-time schooling and has access to fifteen (15) hours of preschool services, providing the child is not accessing a preschool service from another external service, such as a Department of Education Preschool or Kindergarten.

For the year-to-date period to June 2018, $4,355 has been received under the Universal Access Scheme for the children utilising the Centre for the pre-school service. The funding has been used to offset the salary costs of the Early Childhood Teachers.

National Quality Standard

Staff practices, policies and procedures are continually reviewed in line with the new National Quality Standards and a Quality Improvement Plan has been completed. The Centre has undergone its first round of Rating and Assessment. The Centre received an overall rating of ‘Working Towards’.

The seven (7) areas identified under the National Quality Standard are:

- Educational program and practice;
- Children’s health and safety;
- Physical environment;
- Staffing arrangements (including the number of staff looking after children);
- Relationships with children;
- Collaborative partnerships with families and communities; and
- Leadership and service management.

The Centre is set to be reviewed annually under the National Quality Standards. In preparation for the Annual National Quality Standard Review, the Centre’s Director and Educational Leader have been benchmarking with other Centres to share knowledge and gain ideas. The Centre has yet to have a date set for the next assessment. Revised National Quality Standards are currently being rolled with a commencement date of 1 February 2018 therefore the assessment will be undertaken under the revised Quality Standards. Staff are currently being up skilled with the requirements of the revised standards in preparation for the assessment.

Since the initial ratings and assessment review, the Centre has:

- implemented an extended program for the children which visualises the links between the curriculum and the five (5) learning outcomes from the Early Years Learning Framework (EYLF) within the classrooms;
- produced and implemented check sheets to ensure that allergy information is updated; and
- had a representative for the Gowrie Institute of Training, visit the Centre to provide assistance to Educators on how to document critical reflection focussed on the operations of the rooms.

In addition, the courtyard, next to the kitchen has been transformed into a suitability focused yard, with raised garden beds, a compost bin and a worm farm, for projects relating to protecting our environment.
Strategic Plan

The Centre’s Strategic and Business Plans have been approved by the Committee and the Council. The Centre’s Business Plan established Key Result Areas/Targets. The achievement of the outcomes up June 2018, are contained in Attachment A.

CONCLUSION

The St Peters Child Care Centre & Pre-school is recognised as a leader in the provision of high quality child care. It is expected that this will continue. The Centre on average for the June quarter has 86 children accessing the service on a daily basis, with an expectation that this will increase throughout the year. Despite the increase in licenced places the Centre continues to maintain a waiting list for 2019, with a significant proportion of these referrals coming from word of mouth.
